

WINNICA TURNAU SOLARIS 2023

WINE DESCRIPTION

Solaris is a white grape variety, created on the basis of acidic Riesling and aromatic Muscat Ottonel. It matures beautifully and, in addition to its high sugar content, its fruit also retains greater acidity. It gives full, but at the same time refreshing and very intense wines. Solaris from the Winnica Turnau is already a cult wine in Poland. The harmony here is built by pronounced acidity and a bit of residual sugar. It has notes of tropical fruits, orange, melon and pear. A characteristic sapidity appears in the mouth with the taste of ripe peach, a fresh aftertaste and a crisp apple and grapefruit bitterness.

WINE AROMAS

orange, melon, pear

TASTE OF WINE

peach, apple, grapefruit

FOODPAIRING

meat, fish, pasta, cream-based dishes

WINE PARAMETERS

residual sugar: 7,1 g/l

acidity: 8,3 g/l

alcohol content: 12,5%

GRAPE VARIETIES

solaris

VINIFICATION

It matured exclusively in stainless steel and spent 5 months on the lees.

AWARDS (ALL YEARS)

AWC Vienna 2016 - 4th place in its category

AWC Vienna 2023 - 3rd place in its category

TERROIR

Soils formed by terminal moraine in the type: sandy-clayey and clayey soils, medium-compact, stony, medium-permeable. Very favorable for the variety, their structure provides sufficient water and air and rapid warming.

WEATHER DURING THE GROWING PERIOD

The winter of 2022/2023 was frosty with moderate snow cover. The beginning of spring was frosty, but vegetation started a little earlier than in recent years. May was cool but dry, frosts surprised at the beginning of June. Summer 2023 was very rainy, especially at the end of fruit ripening, which increased disease pressure and forced a large collective selection. The autumn was moderately warm, with heavy rainfall from the middle of the harvest. The harvest started on time.
